TWENTY FIRST YEAR.

LANCASTER, KY., FRIDAY, JUNE 17, 1910.

NUMBER 10.

Mr. Farmer,

We have one of the best CULTIVATORS on the market. No trouble to explain its merits.

Now is a good time for you to have your Binders, Mowers, and Implements repaired.

We carry in stock. Knives Sections, Guards Etc. for all make of machines.

See our Wire Fence.

CONN BROTHERS

YOU CAN TEST OUR LUMBER

any way you please. It will stand it splendidly. For we handle no unsound stuff of any description. We know and you will learn that the best lumber is the cheapest in the beginning as well as in the end. And our lumber decidedly comes up to quality called "best."

Lancaster Lumber and Manufacturing Co.

NOTICE THE HUBS

On the next STUDEBAKER Wagon you pass on the road

Why aren't they split and cracked like the ordinary wagon? Because the ordinary wagon hub is made from oak, a wood that splits and cracks very easily, while

Studebaker Wagon

hubs are made from Eastern Black Birch, a very springy, tough wood, chemically treated, with great weather resisting qualities.

Western birch is used by some manufacturers, but it is even poorer than oak. It is brittle and will not stand the strain.

Studebaker hubs cost more than any other hub on the market, but they are stronger and wear longer.

Another reason why you should buy a Studebaker from

J. R. MOUNT, SON & CO.

Little Oliver Price Bush, son of Rev. O. P. Bush, is recovering from a spell of sickness.

Lost—Tuesday morning between hotel and depot, an open face gold watch, Elgin movements. If found, return to this office and receive reward.

For Sale.

A nice \$3 acre farm all in grass well watered with modern four room dwelling, three miles from town. Will raise tobacco or hemp. Apply at this office.

Sale of Property.

Hughes & Swinebroad sold for Mrs. E. J. Mason the old Mason Hotel on Stanford street to Mr. R. E. McRoberts for \$4,500.00.

To Nominate Congressman.

The republicans will nominate a Congressman in this district on August 9th in Danville, Ky. There are several candidates in Contemplation.

False Report.

Our friend Mr. George Kelly, of Marksbury, tells us that there is no truth in the report that he found a box containing gold money while diving in Dix river near Kings mill.

W. F. Champ, as Executor of the will of Emma Gregory sold the farm belonging to the estate, to J. W. Hill, of McCreary. The farm lies on the Fall Lick turnpike and contains 243 acres. It is one of the best farms in that part of the county.

Andridge-Ward.

Earle Richard Ward, formerly of this place, now of Cincinnati, was married last Wednesday to Miss Mabel Andridge at the Sinton Hotel, in Cincinnati. The groom is a most estimable young man and is a son of Mr. and Mrs. Richard Ward, who were residents of Lancaster for some 12 or 15 years. The bride is the attractive young daughter of Mr. and Mrs. Andrew Andridge, of the Queen City. Congratulations are extended the former Lancasterian.

Big Fish

Mr. J. F. Stone who lives near the Kentucky river brought a 25 pound cut fish to town last Saturday which he caught himself. This was the largest fish caught near here for some time. He sold it for three dollars.

Mr. Stone is a good fisherman and can nearly always furnish you with fresh river fish when you are in his neighborhood. On July 4th he will give a big fish dinner at the mouth of Sugar Creek and has prepared an interesting program for all who attend.

Richmond People to Take Local Option Vote.

On June 6th four hundred and six voters of Richmond filed a petition in the Madison county court asking Judge Shackelford to make an order on his order book authorizing and directing a local option election to be held on Aug. 11th 1910.

About one half of the petitioners are negroes and part of them could not write their name. The good people at Richmond will have no trouble in defeating the whiskey men.

Change in Drug Firm.

It gives us much pleasure to announce to the public that Mr. R. W. McRoberts has purchased an interest in the drug store of his father, Mr. R. E. McRoberts. For the past six years he has worked in the store in which time he has thoroughly learned the business and his courtesy and strict attention to business has made him very popular among the people of Lancaster and Garrard county. He enters a business already established by his father who by his fair dealings and thoroughness has always commanded a large per cent of the drug business from this county. We feel sure that by the new interest of such a capable young man the new firm will continue to prosper and that their business will increase as the years roll by. The style of the new firm will be R. E. McRoberts & Son.

Automobile Tournament.

The members of the Blue Grass Motor Club are completing plans for the Central Kentucky Automobile Tournament to be held June 30.

This will be of far more interest to the owners and dealers of automobiles in Central Kentucky than the Glidden Tour and will have fully twice as many entries, almost a hundred having already signified their intention of entering the contest.

The tour will start in Lexington and will go thence through Richmond, Lancaster, Danville, Harrodsburg, Brooklyn Bridge, Versailles, Frankfort, Georgetown, and Paris back to Lexington. It will be a run of one hundred and sixty miles and is the same route that was laid out and proposed to the Glidden pathfinder and rejected by the officials of the Glidden tour.

The route mapped out is one of the most beautiful that could be secured anywhere, and will be run under the most rigid rules.

There will be three handsome trophies given in the contest, the finest of which will be an elegant loving cup for any car making a perfect score.

As yet no one from Lancaster has entered, however Col. J. L. Gill will probably be in with the bunch.

Mr. J. E. Robinson sold his farm of 140 acres near Bryantsville to Mr. G. W. Calhoun for \$7,000.

Lost—Between Central Record office and Carey Mullins' home, gold watch with name, Annie Mullins, engraved in case. Reward if returned to this office.

Hon. Wm. O. Head, Mayor of Louisville announced Tuesday that he would be a candidate for Governor of Kentucky subject to the action of the Democratic party.

Independence Day Celebration.

Monday July 4, 1910 at Sycamore Lodge, mouth Sugar creek, Kentucky river, Garrard county, "Land of Now." Big Fish Fry, turtle soup a specialty. Barbecue, etc. Old Soldiers Parade. Oratory. Brass Band. String Band. Merry-Go-Round. Childrens Parade. Song, My Country 'tis of Thee, by one of Lexington's best vocalists.

I have secured the services of a "High Diver" and water walker. He will leap head-over from the top of a tall tree overhanging the cliff 100 ft. into the air, into water below. Don't fail to see this marvelous and dare-devil performance.

Remember the date, July 4, Sycamore Lodge, Sugar Creek, Kentucky River, Garrard county.

"Postal Card."

A two-by-one-and-a-half-foot "postal card," plastered over with red hearts and winged cupids, delivered to a demure looking couple in a corner of the big dining room at the Sinton yesterday noon informed the large crowd of diners there that the recipients, who had been looking as matter-of-fact as possible, were bride and groom. The two were Clay Sutton, farmer, Lancaster, Ky., and his wife of but half an hour. Their faces turned the color of the hearts. The ceremony had taken place at "high noon" in a private parlor of the hotel. The "tender" postal-card greeting had been sent by "admiring friends" from Sutton's home, and its arrival had been exactly timed.

On the back of the huge postal were clippings from newspapers, reading, "Two hearts that beat as one," "Love in a fit," "Hints for brides and grooms," and many more. Rev. E. L. Andrews, Covington, performed the ceremony. Two sisters of the bride, who was Miss Altie Marksbury, of Lancaster, were present with their husbands. They are Mrs. A. H. Rice, Richmond, Ind., and Mrs. Dr. J. M. Staughton, Covington, Ky.

"I am a captain of the agricultural industry," said Sutton, explaining his business. "Miss Marksbury was visiting her sister in Richmond, and we decided to meet in Cincinnati and get married here."—Cincinnati Enquirer.

Council Meeting.

The City Council met Tuesday night and passed the cement walk ordinance. It will be published in next week's issue.

On being asked about the enforcement of the concrete ordinance City Attorney L. L. Walker made the following statement on behalf of the City Council.

"There is no doubt that the City Council has full and complete power to require property owners to construct concrete pavements. The Court of Appeals has decided that the City Council is the sole judge of the necessity of the pavement and of the kind and character that should be built. It is time that Lancaster should begin to put down concrete yet there is no disposition on the part of the City Council or any of the city officers to force anyone to make these pavements, unless it becomes absolutely necessary in order to get them. It is hoped that our citizens and property owners will realize the benefit of such improvements and make them voluntarily. There is no doubt that they will enhance the value of the property five or ten times as much as the cost of the pavements. Anyone can see the great advantage by inspecting the pavements recently put down on Richmond street, and observe how much the appearance of the homes there are improved by the construction of these up-to-date sidewalks. Every adjoining town, and in fact almost every town in the State has put them in. We should not delay any longer, but our citizens should do this improving voluntarily and not put the city to the trouble and annoyance of requiring it to be done. I think they should first be constructed around the Public Square, as this is a place that is used by everybody that comes to Lancaster, and any improvement made on the Public Square is a benefit to all of our people. both in the town and in the county as well as those who visit us from the outside. The City Council expects to fix up the Square this Fall and put it in as good condition as our limited means will permit. I know the public will appreciate the fact that the town has been to a great expense in erecting and maintaining our water works system, but we are saving every cent possible and hope in the near future to fix up all the streets in good condition as well as to macadamize some of the new streets. We trust that the people will accept the conditions as they should, and will all join in undertaking to improve our little city, and with good streets, good sidewalks and good schools we will advance along with other prosperous and up-to-date towns. Let the work begin as soon as possible.

Cracks At Creation.

Did you know?

That if you frame your mind to mirth and merriment you will bar a thousand harms and lengthen life. That is what the bard of Avon said and he seemed to have had a rare insight into human nature.

That hoping these "Cracks at Creation"—a portrayal of the humorous side of life, at the capital of Garrard, sometimes true and sometimes otherwise, may awaken latent humor and thereby lengthen life, the owners of names give their permission for them to be used, feeling, if you can really see the joke, that it will finally seem so young in Lancaster, we will tie white crepe on the door and put a lamb on the tombstone of a person who dies at that age.

That always there are those who howl calamity from the house-tops, we heard a man say the other day that Lancaster had been visited by cholera twice and how she would escape this summer, with its stagnant water, muddy streets, piggins and the like, he didn't know.

That when a man is all in, he is still several dollars out.

That two men of our town were kidnapped not long since. They were enticed into a "devil wagon" and before they realized what had happened they were in Danville, where they telephoned to their respective homes the following old oaken, ironbound, moss-covered message; "don't wait supper, unavoidably detained." One wife's reply was "get off something new. Adam sent that message to Eve in the Garden of Eden."

That you can fool some of the people all the time, and all of them some of the time, but you can't fool your wife any time.

That it is funny when we stop to think about it, how much we talk about the weather.

That the sun would shine into the hearts of a great many if they would only raise the curtain and give it a chance.

That Robt. G. Cousins U. S. congressman from Iowa has written a timely article against "The Charging Monster of the Public Road." "Shall the people be driven from their own highways?" is the question he aptly asks.

That every true lover of the automobile, in fact every law abiding citizen of the U. S., whether he be an automobilist or not, will agree with Mr. Cousins that the speed violator should be punished.

That the speed mania seems to have become a prevalent disease, not a microbe or germ disease, but a maldy made up of selfishness and devilment.

That if we were all of one accord, and would put our shoulders to the wheel, we could make old Lancaster what she should be.

That Richmond street has increased her looks and value 25 or 30 cents by the concrete walks.

That we need to tear some fences down, some need painting and some need whitewashing.

That if every citizen had the civic pride he should have, we would have a beautiful town.

That Sam Denny is the intrepid hero of thousands of engagements, with ladies and photographers. He always faces the enemy unflinchingly, whether intrenched in strong fortifications or behind formidable cameras. We have a few photos on hand we will give each new subscriber to the CENTRAL RECORD.

That Billy Burton says he is going to the country for a visit where they use "Ballard's flour."

That Dave Thomas is singing "Alexander" don't you love your baby no more."

That some young ladies have made up a song on our friend "Jake Robinson," and we are thinking of getting out an extra edition in which to publish it.

That Tom Wilson will be here with the fair before long.

That the only man whose life was perfect, was my wife's first husband, and her third husband promises to be a close second.

That Noah had Alex Walker skinned a block when he lit a candle, for he made the first Ark-light and he could see by it, too.

That we heard a young man whistling "What's this dull town to me, is not here." You can supply the blank to suit yourself.

That we are going to have red lemonade, yellow lemonade, coca-cola and pop at the fair, and anyone with injured feelings can bathe them at these thirst parlor and forget all about it. If that doesn't help you, repair to the many good dinners on the grounds.

DEMOCRATIC TICKET.

FOR CONGRESS.

Harvey Helm, of Lincoln County.

The First Victory.

At the recent municipal election in Milwaukee, Wis., the Mayor and a majority of the council elected, were candidates upon the Socialist ticket. Milwaukee is a prosperous and progressive city with a population of more than 200,000. For the first time in the United States has the Socialist party been successful to the extent of being in entire control of a city government. Judging from the polls of this city in past State and national elections a large majority of the voters are either Democrats or Republicans. Notwithstanding this, no sounds of alarm or notes of warning have been heard from any source concerning the unusual and unprecedented action of the electors of that city, until the recent speech of President Taft, in which he declared that the fight against Socialism would be one of the paramount issues of the Republican party in the future, this statement evidently being suggested to him at this time by reason of the Socialist victory in Milwaukee. We think the President either takes the matter too seriously or is looking for campaign thunder to hide some of his mistakes, such as the Ballinger trouble. After the citizens of Milwaukee have had an opportunity for reflection over the results of the election and for sober second thought all seem quite content to try the Socialists for a term. Heretofore when the people have grown tired of the misdoings of one of the old parties they have turned to the other with hope for relief, but in this instance they deserted both, and despairing of all hope in getting relief from either or wanting to try something new, gave over their city to the Socialist party. It is quite true that little harm can be done, by the Socialist administration of that city, because the officers are under oath to discharge their duties and to enforce and administer the laws heretofore enacted, the laws being made by one or both of the old parties. If the Socialist officers fail to do their duty they are subject to impeachment. The most pernicious effect that we observe in the election in Milwaukee is in the encouragement given the Socialist party by this victory. But the question comes to every thinking person, why did the people select a party holding such unpopular principles as the Socialists? Most municipal governments in the larger cities of the United States are managed primarily for the benefit of the party in power and secondly for the organized interest that contribute large campaign funds to the political treasury previous to the election, and sometimes large contributions to the city council after the election. For illustration we may mention San Francisco, St. Louis, Pittsburg, and Philadelphia. We think the greatest danger of a continued growth of Socialism will be caused, not by the advocacy of the principles of that party to the people, but by suffering the two old parties to be dominated and controlled, both in State and national matters, by the trust and organized interest. For many years these interests have virtually controlled the Republican party, and the most effective way for the President to relieve the party from the pernicious grip of the trust, and then convince the people of Socialist tendencies that he has been successful in doing it.

Thousands Going To See Aeroplanes.

Nothing that has taken place in Kentucky in recent years has aroused near the interest that is being manifested in The Times' Aviation Meet that is to be held in Louisville at Churchill Downs on June 18 and 19, and recent achievements in aeronautics have served to create an intense desire on the part of every person, both old and young to see aeroplanes in action.

The recent remarkable flight of Glenn H. Curtiss, who flew 150 miles from Albany to New York, and the previous performance of Louis Paulhan, the Frenchman, who flew from London to Manchester, in England, are still fresh in the public mind, and as Curtiss heads a team of aviators to appear at The Times' Meet, thousands will journey from all parts of the State to see this wonderful bird-man duplicate some of his remarkable feats.

Besides Curtiss will be Charles K. Hamilton, who has entered for the

\$30,000 prize flight from New York to Chicago; C. J. Mars, who also will try for the handsome purse; Horace B. Wile, who is to essay a flight from Chicago to Louisville by aeroplane, and Carl Bates, who is also a daring sky-pilot.

Every railroad in Kentucky and Southern Indiana has made reduced rates for the two days of the meet, and tickets will be good returning on the Monday following. In addition many railroads will run special excursion trains to Louisville for this occasion, on which the fares will be remarkably low. Every indication, say railroad officials, is for the largest crowds on June 18 and 19 that have ever been in Louisville.

The aviators obtained by The Times have already proved their mettle, and the meet promises in every way to outclass any other given in the United States. The Times is spending thousands of dollars to bring these bird-men to Louisville and the enterprise doubtless will prove attractive to thousands of persons all over the State, few of whom have ever seen an aeroplane in action. Thus its educational value will make it well worth the time of everybody who wishes to keep abreast of the times.

"\$2,000.00"

Mr. Luther Guthrie, of Beaufort, N. C. spent money freely in employing doctors to cure his wife from continual headache. He writes: "One bottle of Cardui did my wife more good than anything she has taken for ten years past. She had suffered with headache for ten years and I had spent \$300.00 for doctors' bills for her, but nothing did her any good."

Take CARDUI

She has taken two bottles of Cardui and it has done her two thousand dollars (\$2,000) worth of good. Just as long as it is made, I shall have Cardui in my home. For all forms of female pain, like headache, side ache, pain in limbs, dizzy feelings, dragging down sensations, etc.—Cardui has been found to be an effectual remedy. Don't wait till you are "all run down." Try Cardui at once. Sold everywhere.

No More Gray Heads in Omaha

One firm of retail druggists in Omaha recently bought a car load of Q-Ban Hair Restorer and Q-Ban Hair Tonic to fill the demand in the Nebraska metropolis for these wonderful preparations.

John Berkholtz of Omaha writes: "I have used Q-Ban Hair Restorer for only two weeks and the gray hairs I had have resumed their natural color."

DR. NOTT'S

Q-BAN HAIR RESTORER

Is sold under the distinct guarantee that if it does not do the same for you as for Mr. Berkholtz, after using 6 bottles, your money will be refunded by the druggist from whom you buy it.

Q-BAN HAIR RESTORER is positively not a dye. Its marvelous effects are due to the way it rejuvenates and energizes the dormant hair cells, thus inducing normal quantity and distribution of the natural pigment.

Q-BAN HAIR TONIC is also sold under a "money-back" guarantee to stop falling hair, make thin, scraggly hair luxuriant and lustrous, and cure dandruff and other scalp troubles. Its persistent use increases the length of the hair at least 3 inches per year.

Price \$1.00 per bottle. Ask for the guarantee when you buy. Sold by

INDEPENDENTS IN MADISON COUNTY POOLING TOBACCO

Three Hundred Acres in the Paint Lick Vicinity Are Pledged By Men Here-tofore Outsiders.

BUYER OF AMERICAN ADDS HIS OWN CROP.

Bradley Wilson Will Push the Campaign This Week Among the Growers.

(Special to THE RECORD.)

Paint Lick, Ky., June 12.—A rousing job meeting in behalf of Madison and Garrard county tobacco growers was held here last evening in the interest of the Burley Tobacco Society pool. A large number of farmers was in attendance. The meeting was called to order by Dr. Amon, of Lancaster, and was presided over by Dr. Amon and Mr. Jesse Cobb, of Richmond, representing Madison county.

Mr. Bradley Wilson, manager of the pooling campaign in this district, was the principal speaker. In a clear, forcible and eloquent address he thoroughly outlined the pooling proposition.

THREE HUNDRED ACRES PLEDGED.
 About three hundred acres of tobacco was pledged by independent growers, who had never before been members of the pool, composing many of the largest growers of Burley tobacco of this section.

So apparent was the pooling sentiment that Mr. R. N. Beasley, a buyer for the American Tobacco Company, and a man who has effectively fought the pool for the past several years said:

"It is so plain to me that every one in this section is in favor of the pool this year that I am going to follow my neighbors."

Mr. Beasley pooled his crop of about fifteen acres and also took the solicitor's book and agreed to induce all he could to sign.

Mr. Beasley was of the opinion that at least one thousand acres would be pledged immediately in the vicinity of Paint Lick. During the meeting Mr. Wilson pledged the organization to build a receiving house at Paint Lick large enough to accommodate all tobacco pooled and delivered at this point.

OTHER MEETINGS SCHEDULED.
 After the meeting in an interview Mr. Wilson said:

"I am firmly of the opinion that enough tobacco will be pooled in a few days to justify the erection of a receiving house at this point."

The meeting adjourned amid good feeling and enthusiasm and with the understanding that another meeting would be held here Saturday, June 25, at 2 o'clock and at Lancaster Monday, June 27, at 1:30 o'clock.

Mr. Wilson will continue the campaign throughout Madison county this week, holding school house meetings in the various tobacco districts, after which he will go to Lancaster and make a complete canvass of Garrard county, addressing the growers in every precinct in the county.

Emma Frances Hyatt, daughter of Green Lee and Mary Ann Hyatt, was born January 13, 1855, near Lancaster, Garrard county, Ky.

Departed this life June 6, 1910, aged 55 years, 4 months and 24 days.

She was united in marriage to Isiah Comley, "they being school mates together," July 28, 1871.

To this union were born eleven children, two boys and nine girls, four children dying in infancy. July 25, 1901, the husband and father was taken, and again Dec. 31, 1904, death claimed her only son.

On Oct. 19, 1905, she was united in marriage to Lafayette Shelhorn.

In her early girlhood she united with the Fairview Christian church, but later in life, after moving to Indiana, she united with the new little Flatrock Baptist church near Greentown, Indiana, having lived a consistent Christian life.

Being an invalid for about four years, she was deprived of many pleasures, but bore her sufferings patiently, trying to cheer those about her and striving so hard to regain her health.

All that loving hands could do was done to relieve her, but at last she that doeth all things well, claimed her for his own. She had made peace with God and was willing and anxious to submit that His will be done.

The husband has lost a loving, devoted wife and companion. Her daughters a loving and anxious mother, her friends a true friend and neighbor.

She is survived by a husband and six daughters, Mrs. Frank Lawson, Mrs. George Davis, Mrs. James Parks, Mrs. Chester Raymer, Mrs. Will White and Mrs. David Raymer. Three step-daughters, Mrs. Gus Ryse, Mrs. Ray Selby and Mrs. Dr. Shanks; fourteen grand children and three sisters, Mrs. Ezina Spainhower, Mrs. Jannie Bryant, of Lowell, Ky., and Mrs. Belle Hurt, of near Adams, Ind., to mourn their loss.

She asked for favorite songs to be sung to her and tried to join in the hymns, and remarked that the songs seemed to bring Heaven nearer to her. She felt that God would guide her with unerring hand, that he would read the meaning of our tears, that Heaven would the mysteries explain and there sometime we would understand.

Mr. Johnson Speaks while walking down to his tobacco patch a few days ago, was suddenly pinned to the earth by a large snake entwining its self around both feet. To use his expression "I felt like my feet were bound together with a log chain. I never was scared so badly in my life. The snake was 10 ft. long and as large as my arm." He was released by cutting the snake in two with his knife.

The Ladies Working Society will meet next Thursday at the residence of D. S. Swope.

General News.

J. Craig Smith, an Ohio capitalist, has announced his intention of establishing a home for worn-out newspaper men on the Mississippi River four teen miles north of St. Louis.

The summer White House at Beverly, Mass., is all ready for the arrival of President Taft and his family on June 23. C. L. Roosevelt is scheduled to spend some time at Beverly this summer.

The government is engaged in collecting evidence intended, it is said, to form the basis of a suit against the Great Lakes Towing Company, under the Sherman anti-trust law on the ground that it is a combination in restraint of trade.

It is understood in Washington that the nomination of J. M. Sharp for District Attorney of Eastern Kentucky will not be acted upon at this session of Congress and that during the recess the President will again reconsider the case.

Receiver J. C. Rogers, of the defunct Southern Mutual Investment Company, announced at Lexington he will pay \$200,000 to claimants against the concern. There are creditors in thirty six States with total claims of \$1,500,000.

The corner stone of the Coliseum of the model town in Henderson county was laid Monday and announcement was made that no negroes will be allowed within the town limits, either to live or work.

The Continental and the Commercial National Banks of Chicago, have been consolidated. The capital stock will be \$20,000,000, making the bank the second largest financial institution in the country.

N. B. Forrest, Adjutant General and Chief of Staff, United Sons of Confederate Veterans, announced Saturday the appointment of Thomas B. Collier, of Memphis, as commander of the Tennessee division.

Edward J. Ryan, assistant chief engineer of the New Orleans Fire Department, dropped dead while engaged in fighting a small fire at Hagan avenue and Gravier street Sunday night. Heart failure was given as the cause.

Edmund Baxter, general counsel for the Associated Railroads of the South in matters pertaining to interstate commerce, died early Sunday morning at his summer home at Ridge Top, near Nashville, Tenn.

A report prepared by the director of the Philippine land office and forwarded to Congress by the War Department, states that the Philippine fair lands are again being leased to favored persons in the islands, including one official and the nephew of another at from 8 to 20 cents an acre.

At a conference at the White House it was decided that a paragraph shall be added to the railroad bill providing for a commission to investigate the question of the control of the new issues of stocks and bonds by railroad companies. This is due to the stand of President Taft.

The motion of the Pullman Company and the Great Northern Railroad Company for a preliminary injunction to prevent the lowering of sleeping car rates by the Interstate Commerce Commission was denied by Judges Grossep, Baker and Seaman in the United States Circuit Court at Chicago.

President Taft will spend three days at New Haven during the Yale commencement week. He will leave Washington Sunday night, June 19, and on the following day will attend a meeting of the Yale Corporation. He will see his son Robert graduate on Wednesday the 22nd. Mrs. Taft will go with the President, and on the morning of the 23rd they both will go to Beverly, where Mrs. Taft, her daughter, Helen, and the two boys will remain for the summer. The President will return June 24, to remain until the adjournment of Congress.

Lovely Complexion

A Clear Skin and Bright Eyes are Easy to Get.

All the beauty creams in creation won't improve your complexion if your stomach is out of order.

Belching of gas and heartburn mean bad food in the stomach. Bad food means bad blood and bad blood means a bad complexion.

Try Mi-o-na stomach tablets for stomach misery, biliousness, dizziness and indigestion. They relieve in a few minutes; they make rich, red blood. They are guaranteed to cure or money back.

Read what a Kansas woman says:

"I want to praise Mi-o-na stomach tablets, for I had been doctoring for over a year for stomach trouble and found nothing that did me as much good as Mi-o-na does. I only have the second box and it has relieved all pain in my stomach. For all who suffer from stomach trouble or indigestion Mi-o-na can't be beaten. You can use my name, for Mi-o-na has done a world of good for me when doctors failed."—Mrs. Cordelia B. Mann, 207 E. 11th St., Junction City, Kansas, Nov. 1, 1909.

Mi-o-na stomach tablets are sold by druggists everywhere and by R. E. McRoberts for 50 cents a large box. Test samples free from Booth's Mi-o-na, Buffalo, N. Y.

Farm and Stock.

Circuit Court begins Monday.

H. Clay Hamilton sold a horse to Mrs. Mary Fox for \$100.

Samuel Anderson sold to Jesse Fox two 1150 pound cattle at 60c per lb.

J. W. Elmore bought of Frank Bourne a sow and five pigs for \$40.00.

J. D. Pope sold a cow and calf to Miss Bettie Joseph of Hiatsville, for \$45.

The most valuable farms were at one time sloughs and swamps and considered worthless.

The orchard is a splendid place for poultry to range in. Poultry is a very good insect destroyer.

Keep the boys from fooling with any of the farm animals. Joking with calves or colts will surely bring jokes that make us laugh out of the other corner of our mouth.

Don't let the sheep get half starved for salt. If you do, when you salt them they may eat so much they will be sick. Give some every day. In everything be regular and moderate.

When your lambs get enough good milk from their mothers they will grow. It is the hungry lambs that stand around bleating and with backs humped. That looks bad. Lively lambs are the ones that will bring you the money a little later.

A Canadian exchange adds the following to the remedies suggested for scours in your suckling pigs: Take half a gallon of oats and boil for an hour and a half. Allow them to cool, and feed to the sow, giving nothing else for twenty-four hours.

As to better cows, there is just one way to get them. That is to get good sires, to test the cows for dairy work, to get rid of the poor ones and save calves only from those that pay their way. Doing this we can soon have as good dairy herds as to be found anywhere. We have a few of them now, but all too few.

All milk utensils should be washed as soon as possible after using. They should be rinsed with cool water first then thoroughly washed with a hot solution of washing powder (soap should never be used), using a stiff brush for scrubbing. And it is well to have two kinds of brushes, a dark one for the exterior and a white one for the interior of pail or can; scrub well.

Peanuts are a valuable crop for hogs in Louisiana. T. L. Downing who in 1908 shipped the first load of hogs to Fort Worth that ever came from the vicinity of De Soto parish, is now producing hogs on an increasing scale and raising them largely on peanuts. He likes the Georgia peanuts for this purpose as they yield heavier than the Spanish nuts. In his experience, one acre of nuts will raise about four hogs.

Pigs fed on skimmed milk, either sweet or sour, give good satisfaction, although care should be taken not to change from one to the other. Pigs seem inclined to the sour rather than to the sweet and in either case grain foods should be fed with it in order to make a balanced ration. Skimmed milk as a food for all young animals is an aid to the digestive organs as there is not a particle of it but is digestible.

Immense Trade in Tobacco.
Last year over 17,000,000 pounds of tobacco and snuff manufactured in the United Kingdom were exported.

Civic Notes.

Have you noticed how much improved the square is without the wagons and machinery in the corners?

Would not new street crossings be an improvement? We have the brick on the ground, and there is money in the treasury, why the delay?

A rumor is in the air that we are to have concrete pavements around the square. It is even whispered that John Stormes will start the good work. A concrete walk with that handsome new front will be in perfect harmony.

Lexington street is determined that Richmond street shall not have all the big porches. So Mrs. Dr. Walters is erecting one which will make a handsome addition to her home. The late Dr. Hill was a great lover of rare and beautiful plants and many still can be found around this attractive old place.
